

Partnerships & Collaborations

With a promise to aim higher and grow bigger, we are proud to announce that OTF has been certified by the **Pakistan Centre for Philanthropy (PCP)**.

We have established a few education partnerships for the COVID-19 Education Emergency. A big thank you to all our partners!

Institute of Business Administration

Indus Valley School of Art and Architecture

SZABIST

NED University of Engineering & Technology

The Citizens Foundation

COVID-19 The New Normal

The COVID19 Education Emergency is launched to support any student that is unable to pay for their education as a result of the economic impact of the pandemic.

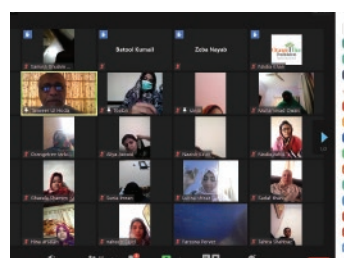

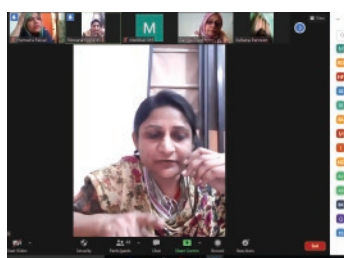

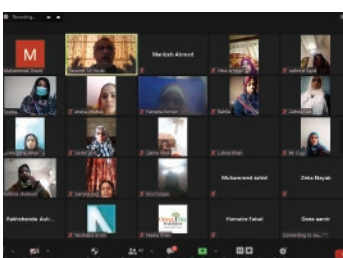

Due to the pandemic OTF has been actively trying to support online learning.

With your support we successfully enabled 42 families with technological gadgets to ensure their education was not hindered.

To encourage use of digital learning we have been conducting interactive **online sessions for OTF Families** as well. **Online Tarbiyah sessions** are held every Saturday and Sunday since August. An array of topics are discussed during these sessions to name a few- Patience, Fear and Love of Allah SWT, Reliance upon Allah SWT and Truth etc.

The objective is to continue to create a positive impact in the lives of our beneficiaries in these trying times. All our sessions are designed to be relevant and relatable for the audience attending.

Along with etiquettes our focus is also on raising awareness of common underlying ailments such as breast cancer and diabetes. Our healthcare team successfully conducted interactive awareness sessions with **Doctor Nosheen Tariq for Breast Cancer Awareness** and **Doctor Tanweer ul Hoda for information regarding Diabetes and self-management**.

Inspirational Story

The Battle of an Addict

Nearly three years ago a family was inducted into the OTF program. The student's father suffered from drug addiction, making the home environment extremely unstable for the student. The addict had been to rehab previously, however, he would get discharged before he could even recover.

Last year he was inducted into the OTF Healthcare program through which he was admitted at Aas Trust to receive the care he needed to overcome his addiction. After 11 months of rehabilitation and extremely strict supervision he was weaned back into normalcy.

Currently, he has overcome his addiction and is now sober for nearly one year. OTF continues to work with this family and aims to give them a better life and improve opportunities for the parents and their children. It was this father's dedication and commitment to improve himself that brought him this far. OTF aims to keep him just as motivated for his search for employment so that he can support his family and they can have access to a better life.

Acknowledgment

We would like to extend our sincerest gratitude to Levi's for sponsoring a clothing drive at OTF!

Upcoming Event

White Elephant SALE

THIS IS YOUR CHANCE TO EARN SADQAH-E- JAARIAH & GET RID OF UNWANTED ITEMS.

Orange Tree Foundation is collecting 'brand new' items which are unwanted and clogging your space.

These items would be sold to raise funds for helping students get quality education and to provide them and their families with quality healthcare.
