### How Birds can Change Lives

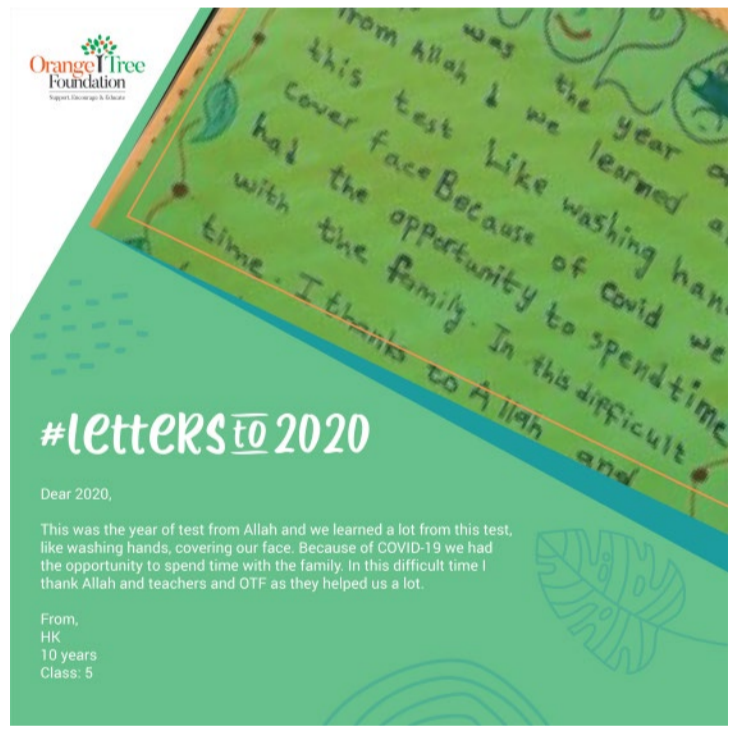

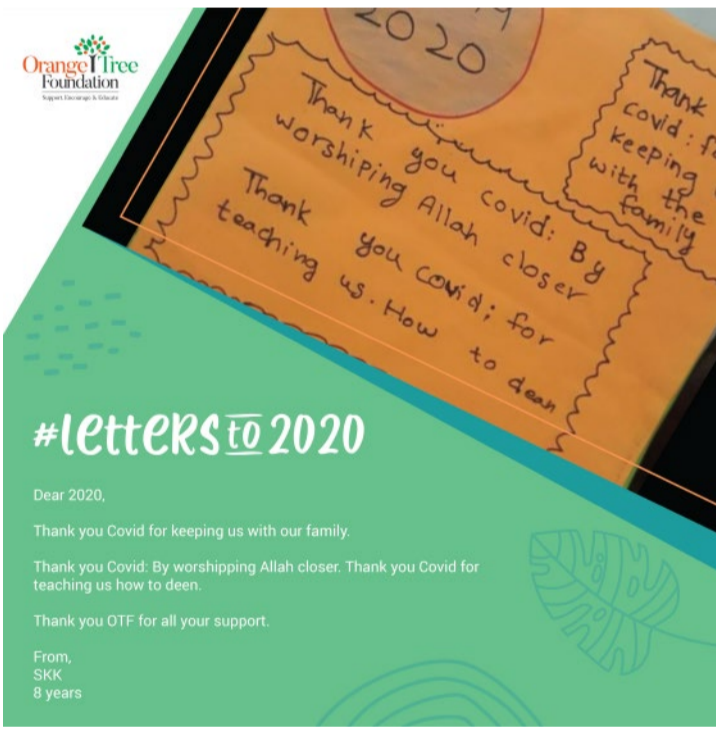

A family of 3 was inducted in 2014. Their daughter is currently attending Reflections School and will be starting grade 3 in August, 2021 in sha Allah. Her father works two jobs to make ends meet, his income is Rs. 19,000 only. He wanted to start a business of exotic birds however he did not have the capital, he asked for financial assistance from OTF. With the seed money granted he set up his bird business on his rooftop. By grace of Allah he was able to make an extra income from there.

Unfortunately, during the 2019 monsoon season, continuous rain their roof collapsed and destroyed their home. The entire family had to evacuate their home. His business was wrecked and they had nowhere to go. They approached OTF for more assistance to rebuild their home. Their request was approved and they are now back to their home. Alhamdulillah.
