

Bi-Annual Update

And just like that, half the year is gone. We are very proud of our accomplishments so far and we thank you for your support!

OTF Team continues to give their very best to the cause. Here's a snapshot from the last team meeting in which we discussed the expansion and growth plans that we have for the foundation, and how we intend to achieve our targets.

Here's a revisit of our journey through 2021 so far.

Awards & Recognition

KE KHI Award 2021

OTF was selected as a winner for the KHI Awards 2021 held by K-Electric, in the Education category. We could not be happier and are ever so thankful to KE for recognizing our efforts and giving us this honor!

Collaborations & Partnerships

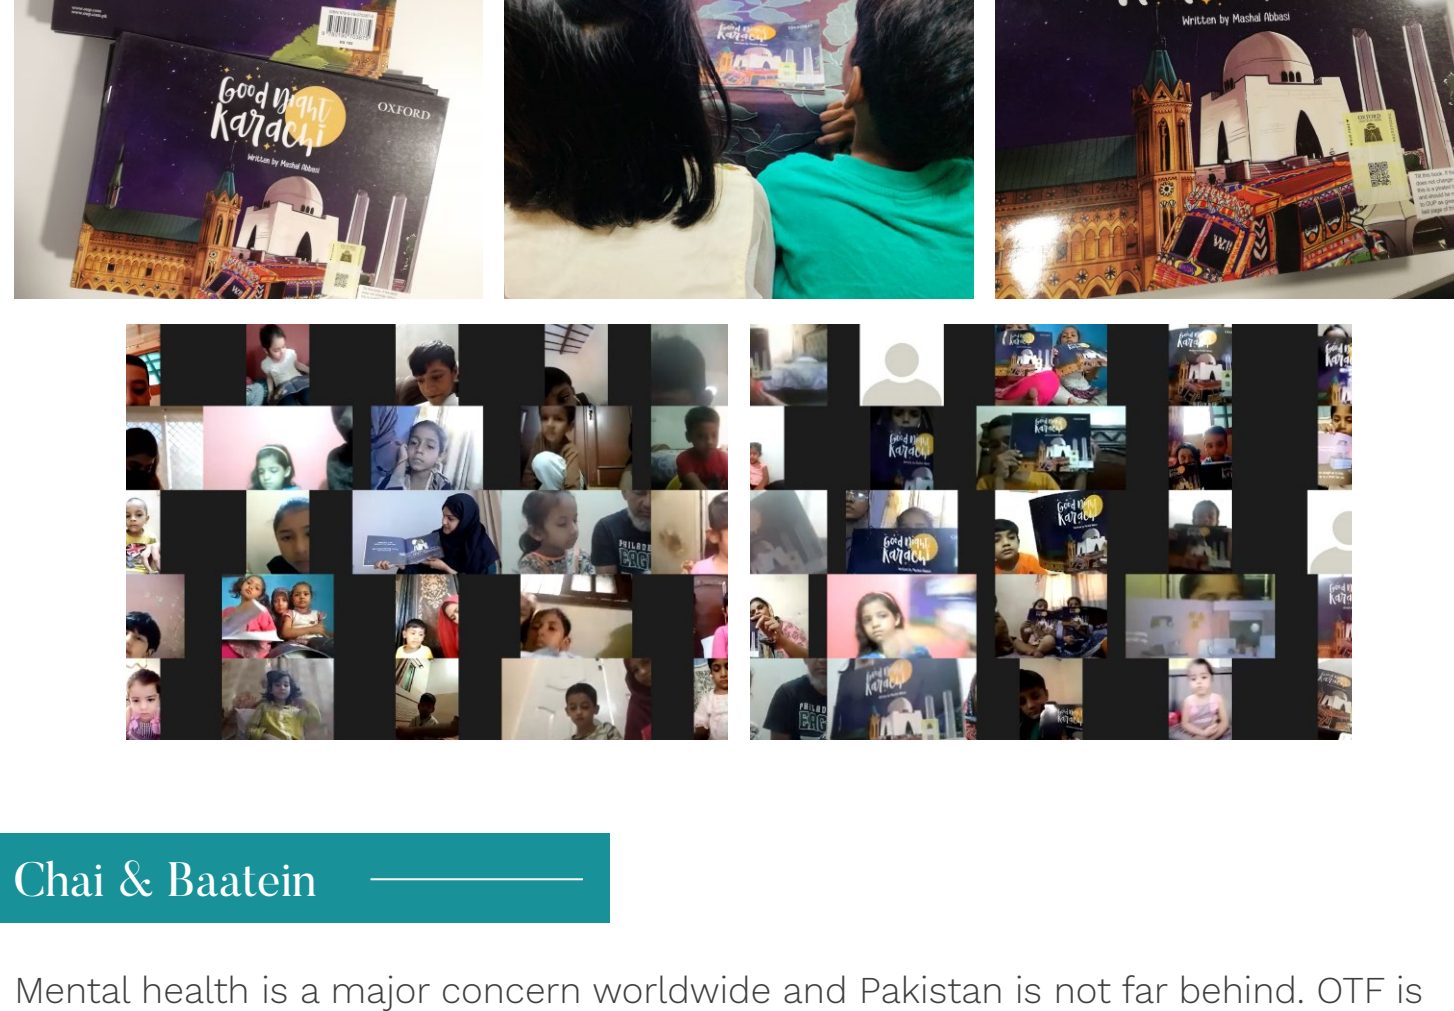

Book reading with Mashal Abbasi and our little oranges

Our junior students had an interactive book reading session with Mashal Abbasi, the author of Good Night Karachi. The young OTF Scholars had lots of fun questions from the author and it was clear that they were having a fantastic time and thoroughly enjoying the session!

Mashal also gifted each student a copy of her bestseller. She says: "I'm so overwhelmed that my book has reached so many children. It was truly a pleasure reading to them."

We thank Mashal for taking time out for our young students.

Chai & Baatein

Mental health is a major concern worldwide and Pakistan is not far behind. OTF is playing its part in raising mental health awareness in Pakistan – one family at a time. Miss Anila Omer, an experienced clinical psychologist, has conducted Mental Health Awareness sessions for OTF mothers.

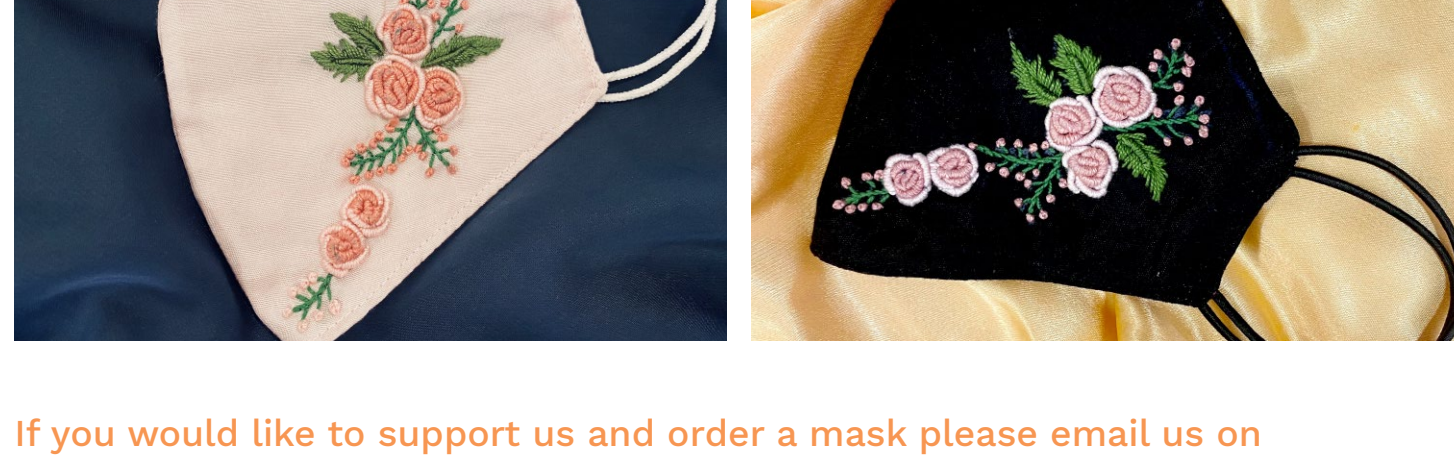

Ramadan Ration Drive '21

Our ration drive activity during Ramadan was successful, thanks to our ration drive sponsors and individual supporters!

SANAT by NISA

NISA is a women empowerment program by OTF. Under its SANAT program NISA has launched a Mask project intended to empower OTF mothers. With every sale of this product, you will extend employment and financial support to the mothers of OTF students who are also the artisans of this product.

If you would like to support us and order a mask please email us on nisa@orangetreefoundation.org

You can make your donation to the bank details mentioned below and share a screenshot of your transaction along with the requested details to confirm your transaction. Thank you for supporting our artisans!

Father of a Future Astronaut!

KS works as a clerk at the District Municipal Commission but the salary he receives hardly covers his household expenses. Hence, over the weekends KS takes up shifts at a petrol station to earn some side income and be able to better provide for his family. Despite all his hard work and perseverance, his lack of education does not allow him to earn enough to be able to provide his 9-year-old daughter with standard quality education that will fulfill her dreams and give her a better future.

KS applied to OTF for an educational scholarship for his daughter and she was granted one. She is currently studying at Happy Home School and the 9-year-old aspires to become an astronaut one day, a dream that her father will stop at nothing to make a reality!

Our impact in numbers

*as per June 2021

A huge thank you from the OTF Team - for your donations and continued commitment, without which we could never have reached this point. Our annual target is to provide 650 scholarships to deserving students by 2022, and we urge you to come forward to support, encourage and educate. Your contributions can, one day, help achieve an educated, prosperous Pakistan!
