November 2022

Dear OTF Supporter,

2022 has been an extremely challenging year for Pakistan, having witnessed the worst flooding in its history, resulting in climatic catastrophe. To that affect OTF collaborated with multiple leading NGOs to provide aid and relief to the flood affected families. A huge thank you to all of you who continued to support us in every way possible. Without your assistance, it would have been impossible for us to come so far.

Flood Relief Campaign

As our social responsibility we extended our work frame towards flood affectees, in three verticals.

It would have not been possible without the support of a few key partners:

OTF Graduates

We are extremely proud to share that 61 OTF Scholars have graduated from some of the best universities of Pakistan and are now embarking on their professional journey. Two of our stellar scholars from NED were awarded gold medals for being the highest achiever in their batch.

Success Story

Meet Ayesha Tariq an OTF alumni and International Level Chef who pursued her culinary passion from Masterclass Pakistan. She is now about to launch her own restaurant, and we couldn't be more proud of her.
